Tuesday Jan 1st
First and middle part of this day light winds from the NW and pleasant weather. Offering to the Eastward at 10 AM commenced and broke out between decks in the main hatch 6 casks of oil and one of water and floated. The pipes of oil up in the main hatch at 8 AM took in studding sails and have a back so as to lay head to the sea as the vessel too much running before the wind to work on the oil. Latter part light winds from the NW and fine pleasant weather. Laying at back stowing oil between decks. So ends this day.

No Lat 38° 28'
