May Dream Of the Dead

Nov 11

For some days running dreamt of Mrs Dwyer
who died while I was at home I expect it was
because I was around there so much previous to
and during her short illness

May 26 James P Pope, Barnstable - or - Tisbury 1864
This night while laying at the island of Tisbury in
My dream I was at home, thought I was passing
By Mrs Dwyer's house in company with an other
Country man and I saw Jimmie sitting there
with a lot of other country folks. I said to the shop
that was next mine, that is the girl for you he
asked me why, because she had waited
seven years for a man with the cool take me
I asked Jimmie if she had been waiting for
me all this time and she said yes. The
girl go and speak to her. I thought I did
not dare to, but finally did, and before
I woke up was married by Mr Backsford
But when I woke up I was a single man
laying at an anchor at Tisbury.
