JANUARY, TUESDAY 15.

1884.

B. 6 $\frac{1}{2}$ cloudy, a light mist N.E.

This is the anniversary of our marriage - forty five years ago - a period of many vicissitudes, of prosperity and adversity, of afflictions, and Divine favors - of much to be repented of, and more to be thankful for.

Butchered 9 hogs to day, all very small except Two. 898 lbs.

Had arranged for 24 hogs to be brought up from Waterloo & The Pavilion; but the inclement day prevented it.
