Culling & hauling wood.
Lucy has gone to help
to drop the church.
I went to the woods to
get running cedar &
horns to drop the church.
Sent it in a box to
Rev. Mr. Ryals worth.
About 2 P.M. Major Geo.
M. Thomas, came to get
me to sign some papers
to get money from the
Banks in Balt. But
he would not let me
have any money for
him, & when about
to take leave, he told
me that Trueman
Thomas came with
him & was waiting
on the buggy for him.
