B7 A very cold day.

I have taken cold, and if not sick, am feeling very unwell. Remained in the house all day.

We were invited to spend the ~~day~~ evening at River Springs.

I could not go; but urged Lucy to go. She returned about 2 o'clock A.M. Tuesday. I set up though sick until she came.

I received letters from Fannie & Joe informing us that they received the box in good order, on Tuesday morning.

Lucy's horse Dick got away or was driven away from River Springs, and was found in my cow yard this morning hitched to the buggy, but not tied to any thing.
