My dear Brother,

I have been intending for a long time to write to you relative to the settlement of Father's Estate.

During my last visit east, for the first time I examined our Father's will. — I there informed myself, that he instructed you as Administrator to sell certain timber upon the Poplar Grove Estate. The proceeds of which after the debts were satisfied, to be distributed among certain Children, of which I am one. Upon further examination I found that a portion of the Timber had been sold, and no account rendered to us of said sales.

Albert however informed me that he had acted as agent for the sale of the timber, and that there was an unsettled balance, in his hands, a portion of which he presumed I was justly entitled to.

As you are now in Washington, and Convenient to the Estate, You will oblige me as one of the heirs, to settle up this portion of Father's will, and any Money coming to me, you will please pay over to Mother
