Chester - Town - March 13th to 1829

Dear Sir,

Mr. James Mansfield of this place has just informed me that Dr. Clowes has assigned to him your single bill for $198.90. which, with the Interest calculated upon the same to the 12th Inst. amounts to $220.81, and has requested me to ask you for him, if it will be convenient for you to liquidate the amount by the 20th Inst as he will be much in want of money by that period.

This is delicate business and I have only been induced to make this communication from a consideration of the relation that I sustain to Mr. M. & his family.

Be pleased to communicate the desired information to Mr. Mea Myself as soon as practicable and Believe me

Your Most Obt & Hble. Servt.
