Red Lyon Mills April 4 - 1829

Dear Sir

Immediately on my return home
I found that the Senate did not confirm
the bill for an additional Inspector
Therefore am in St. Louis, but shall
keep an eye to it, as its probable at the
next session such a law will pass
if it does not try and be prepared
to be an applicant, for which I shall
want you and my friends to assist
me, I have mentioned the thing but to 2 or 3
persons except yourself, and when we see
each other, those we can cut out
some plan, that should the law pass
I shall have some prospect of success -

Yours with Best
Wishes
Wm. B. Schreyer
