about to be used. There will of course be sediment, but after remaining still a long time they can be decanted very close. It is said the dark color is preserved by excluding the light—

I hope good health will continue with you & at yr. convenience will be glad to see you—

P.S. If an empty Cart should be coming from Thomas's to yr. House I should be glad to have Conrad's box of Tools sent up. We are greatly in want of it.

The wine is in 2 Candle boxes—
