

Sir,

485

Oldwood, March 31st 1792.

I was lately favored with your
private letter of the 14th & either wishing
or expecting to enter again into public life,
I feel no solicitude or anxiety as to
the event of the approaching Election.
but should be pleased to see a considerable
majority of the members of the Genl.
Assembly make choice of me for the de-
partment you are pleased to propose.
I will endeavour to discharge the duties
of it, trusting to the candour, liberality
& indulgence of my fellow citizens for those
grains of Mustard due to inferior
talents & good intentions with great
consideration I have the honor to be,

Sr

Yr. M^o. Obed^t.
