

letter gave me the first intimation, according to my memory, of his wanting to purchase the 60 feet lying between Col. R's lot and the Corner of N & Conway Streets.

If he will give \$50 the front foot in cash, he may have it and that will be between 4 & 500. Many small ones are comprised in that large lot. Would not a lot North of Conway St. & West of N St. do to deposit his dirt he may have one there on reasonable terms. I know nothing of the amount of Brady's Acct but the Sum mentioned appears excessive high. (Paper torn)

My cattle and sheep are now fine, and remain unsold. The old quaker disappointed me, he has no money I expect.

The Cattle will average 550 and may be had for \$42 each, if applied for shortly, otherwise my price will rise equal to expenses of feeding them this season of scarcity.

My love to Archy, to Mr. R, and the little ones.

I fear it is useless to mention my dear Eliza as she must have left you before this reaches you.

Eliza wrote me that Gerard who was appointed to sell my Bacon, had an offer of 16 pence or Cents a pound for Hams and shoulders, and they waited to know whether I would accept - my answer was immediately sent to Eliza that I would accept the offer.

Let me know if it was sold and the Amt. I lament that I sent it to market I shall want it much. My bacon this year is of bad quality and the quantity no sufficient.
