

Spring. Sold Alex 2^d Shoper 1800
Q 26 1/2 cts and 37 1/2 cts and a few dollars
to him. I think it a good sale. As it
is, so much, off the market. I have
concern, can't use all, that I am
making. although, I get a better price
for what I sell to him.

I propose, something by no the \$1000.
When the first party, which is, will
deliver the 100 bbls. I propose for
them to re-burn it. From many the
the price, corn can be bought. after
that, unless we find doubt. the price.
What do you think, about my re-
borrowing? Will it suit you? I propose for
now about \$700. worth of wheat.
I have now bought, paid for, of some
about 200 bushels corn.

Larry Barker is unheard from as yet.
I am making a little money now and while
you shall have about 100 bushels of
a week. as the corn man, is to be
lost of this week. Sincerely

John A. Hall
