COOKING IS FUN

Entertaining out-of-doors easy and fun for everyone

Out - door cooking is growing in popularity. Why? Because of the general love of the out-of-doors, the smell of wood smoke wafting luxuriously by, and the savoriness of food cooked over an open fire.

Cooking out doors creates good fellowship, a sense of well being, and a hearty appetite. And the informality simplifies the task of the hostess, — no silver to polish, no lace cloth to press. The cook can enjoy the company of her guests while cooking, and too, everyone enjoys lending a helping hand at a party of this sort.

THERE ARE many types of outdoor cooking. And as experience grows, many varied and unusual menus can be prepared, depending on the facilities. The best way to begin, however, is to have an informal backyard party. To make it fun for everyone, keep the menus simple and easy to prepare — especially if this is a new method of entertaining for the family.

Portable grills make it simple to enjoy this wonderful outdoor method of relaxing. Or for the handyman, many types of backyard fireplaces can be built — some more elaborate than others, but all of them can bring good results.

WE SUGGEST for these fun-type outdoor occasions, hamburgers that have tangy blue cheese crumbled right in the meat along with the usual seasoning of salt and pepper. This gives the meat an unusually zesty flavor. Use about one-fourth pound of blue cheese to a pound of hamburger.

After grilling, place the hamburgers on freshly toasted buttered buns and let the family choose the trimmings. Complement this with a tasty potato salad, an assortment of relishes, fresh fruits and mugs of cold milk.

HAMBURGERS that have tangy blue cheese crumbled right in the meat along with the usual seasoning of salt and pepper is the special feature of this out-of-doors menu.

FOR DESSERT, serve an ice cream parfait. Or, if you prefer to do your own ice cream making, you might have a delicious treat ready to tempt the whole family when the chef is hosting the backyard party. For dunking, fruit, cookies, sausages or pretzels are delicious. Or, if you prefer, serve the ice cream in dishes in which it has been frozen.

Serve this delightful meal on a shallow pan kept hot over a low heat. Then let each guest help himself from the pan, or have the chef come back for seconds. Though, if you serve this delicious food as follows:

CHEESE DIP — Made from tablespoons flour, butter, tablespoons flour, butter, teaspoons salt, three-fourths cup cream, one cup dough, one cup grated sharp cheese, one egg, one tablespoon chopped onion, one teaspoon salt, one-fourth teaspoon chili powder, one tablespoon Worcestershire sauce, one-fourth pound of blue cheese, crumbled. Melt butter, blend in flour and salt, add cream gradually. Cook, stirring until smooth and thickened. Remove from heat, add cheese and stir until melted. Then, beat egg yolk and add to cheese mixture. Add cheese, Worcestershire sauce and onion. Fold in stiffly beaten egg white. Pour into a casserole and bake in a moderate oven (350°F.) 30 minutes. Serve with crackers, potato chips, or raw vegetables.

Cabbage with cheese sauce

IN THIS recipe a delightful cheese sauce makes the tender green cabbage rolled, stuffed with a seasoned chicken tomato sauce.

INGREDIENTS — For the cabbage rolls: one head cabbage, one egg, one cup chopped onion, two teaspoons salt, one-fourth teaspoon chili powder, one tablespoon Worcestershire sauce, one lemon, sliced, and one-fourth cup boiling water. For the sauce: one can tomato sauce, one-half pound processed cheese spread.

Melt fat in a skillet. Add the rice, ground beef and onion. Cook, stirring occasionally, until the beef is browned and the rice begins to turn yellow. Stir in the salt and chili powder.

While the rice and beef cook, remove 12 leaves from the cabbage. If necessary to prevent tearing, leaves may be parboiled in boiling water. Cook the leaves in hot water several minutes or until partially tender. Drain. Before handling each leaf, cut stiff ribs away from back. Do not split leaf.

Place one - fourth cup of the rice - meat mixture toward stiff end of each leaf. Begin to roll, folding in the sides.

CUT UP some of remaining head of cabbage. Place in the bottom of a large open kettle or Dutch oven. Arrange cabbage rolls with folds down, in kettle.

Serve the sauce over the cabbage rolls. Recipe makes 6 to 7 servings.

Dry, Scaly Skin Apt To Darken Fastest

Q.—Dear Mabel: Can you recommend something to help dry skin? Mine is so dry it feels rough and stiff and looks scaly. Please rush your advice . . . Mrs. A.J.S.

A.—Many of us are troubled with dry skin, especially people of light coloring. The first step is to use as little soap and water as possible. Next is to give your skin rich creaming. You can do this and keep it bright and fresh at the same time by using the enriched formula NADINOLA Bleaching Cream. It comes in the black carton and flat jar. You get cosmetic oils in this NADINOLA formula and you get gentle bleaching too. Use NADINOLA twice daily and in a little while you'll be thrilled with results. Get the 69¢ or $1.25 size and apply morning and evening. I like to tell friends that NADINOLA is the first cream of its kind and the finest . . . Mabel Collins . . . NADINOLA, Paris, Tennessee.

Their Linda graduated from junior high school this year. Their John and Grace are students at Morgan and Robinson is a student instructor under the Ford Foundation at Morgan.

But what makes Mr. Robinson my nominee for top father is that he is maintaining and educating his large family on the salary of a postal worker. It isn't easy, but we manage, says Mr. Robinson, who, after his eight hours on Government, also holds down a part-time job in a down town store.
