THE NEW SUITS SUIT EVERYBODY

WASHINGTON

A really good suit lasts longer. You'll wear it more often than the suit you're not sure of. It stands on its own quality, and you don't have to dress it up with expensive accessories. Suits are fashionable, but not faddish-smart and exciting after months of wear.

COLORS

Granted that navy is the leader in colors, it is followed closely by check, powdery beige, red and gray. And tweed, which looks as marvelous with white blouses.

BOLERO STYLE

The smartest slimmest suit you see everywhere and anywhere is the bolero suit. Lots of dash in the flare back jacket with inverted pleats, and a slim skirt. They are as slender as anyone could ask for, and still be able to step around in.

RAYON SUITING

In the smartest rayon suiting with a tight fitted jacket, half belted in the back, with unpressed pleats of the jacket falling over the corresponding pleats of the skirt so that you look just as smart coming or going.

The perfect three piece suit will always be loved. You can wear the suit and coat complete or enjoy the pocketed topcoat with other costumes.

There is no one type that everyone feels she positively must have. Of course, one type will always stand out, and this year that seems to be the very slick tailored suit. Gabardine is its preferred fabric, and navy its preferred color. This happens year after year but nobody minds, everyone goes on wearing this suit, always with white blouses, because they look so fresh, and so spring like.

Baltimore.

Mrs. Elyse Stirpey is president, and Mrs. Rosetta Hopton, secretary.

Other members are Mrs. Edell Bedford, Mrs. Ida Davis, Mrs. Naomi Bennett.

Mrs. Naomi Bennett was given a baby shower by her club members, Sunday afternoon.

Minister, Scientist to Address Students

HAMPTON, Va. —A minister and a scientist will analyze students' religious problems from their respective backgrounds next week at Hampton Institute in a departure from the standard "Religious Emphasis" week.

The Rev. Shelton Hale Bishop of New York City will deliver three messages Sunday and Monday, and Dr. Carl W. Miller of Brown University will lecture Tuesday, Wednesday, and Thursday nights. The general theme is "Religious Foundations for Living."

Dr. Bishop is rector of the second largest Episcopal Church in the nation—132-year-old St. Philip's with a membership of about 3,500. Dr. Miller is professor of physics at Brown and author of "A Scientist's Approach to Religion."
