NOW! PROOF that brushing teeth right after eating with
COLGATE DENTAL CREAM HELPS STOP TOOTH DECAY!

Exhaustive Research By Eminent Dental Authorities Proves How Using Colgate's Helps Stop Tooth Decay Before It Starts!

THE MOST CONCLUSIVE PROOF IN ALL DENTIFRICE RESEARCH ON TOOTH DECAY! Now, the toothpaste you use to clean your breath while you clean your teeth, offers a proved way to help stop tooth decay before it starts! Proof based on 2 years' continuous research at leading universities—hundreds of case histories! Colgate's contains all the necessary ingredients, including an exclusive patented ingredient, for effective daily dental care. And no change in flavor, foam, or cleansing action!

NO OTHER DENTIFRICE OFFERS PROOF OF SUCH RESULTS! Modern research shows decay is caused by acids which are at their worst right after eating. Brushing teeth with Colgate's as directed helps remove acids before they harm enamel. And Colgate's penetrating foam reaches crevices between teeth where food particles often lodge. No dentifrice can stop all tooth decay, or help cavities already started. But brushing teeth with Colgate Dental Cream as directed is a safe, proved way to help stop tooth decay!

Howardites Award Achievement Scrolls

The Baltimore chapter of the Howard University Alumni Association made awards to members who have made outstanding contributions to the community, Thursday evening. Recipients were, left to right, Linwood Kager, attorney; Dr. Miles W. Conner, head of Coppin Teachers' College; Dr. Bernard Harris of the Park Board, and Mrs. Charles M. Woodford, charter member of the chapter. Awards were made at the Chapter Day Dinner by Josiah Henry Jr., attorney, at extreme right.

Heart Knowledge Program Given

"Know Your Heart" was the theme of the first Science Club program, Tuesday, at Douglass Evening High School, during which Wardell Richardson and Alfred Casper dissected a beef heart and discussed its functions.

Special guests were 10 pupils from Evening School No. 130, Herbert M. Frisby, head of the Douglass Day School science department; and William M. Rawlings, supervisor of adult education.

William Adams, science club president, presided.

Ten prospective Douglass Evening School pupils, now enrolled at School No. 130A, visited and observed the Douglass classes on Wednesday. They were accompanied by their counselor, Mrs. Odell Payne, and teacher, James McDonald.

Hospital Treats 10 Accident Victims

(Continued from Page 1)

the bus, which was carrying workers to Aberdeen Proving Grounds, also were injured but all had been released from hospitals on Thursday.

Dr. Lovell's car, a 1949 Packard sedan, was heading toward Baltimore, police reported, when it suddenly veered across the grass plot dividing the dual highway and was struck by the bus. He was returning from Bridgeport, Conn., where he had been visiting a friend.

After the impact, the bus careened toward the side of the road, crashed through a concrete and steel guard rail, jumped over a small creek and rolled down a four-foot embankment where it stopped against a derrick.

The derrick kept the vehicle from running into a 30-foot deep gravel pit a few yards away.

Dr. Lovell was the most seriously injured in the accident. His car was turned completely around by the impact and he was thrown from the machine. He suffered a mild cerebral concussion, a fractured left arm and several bruises and cuts.

Three Baltimoreans Hurt

Other persons injured included: MRS. DORIS WASHINGTON, 36, of 1227 Cloverdale Rd., who suffered back injuries;

EDWIN E. JOHNSON, 36, of 711 N. Carrollton Ave., wrist injuries.

Six white passengers were also injured. The bus driver, Thomas J. Finnerty, 30, of Philadelphia, escaped injury, however.

Dr. Lovell, who lives at 3647 New Hampshire Ave., is a graduate of Northwestern University and a former instructor at the Howard University Dental School. He is currently engaged in private practice. A native of British Guiana, he is the father of four children.

Mr. Buchanan, one of a group passed on the bus, usually rode to work in an automobile. However, this morning the man he rode with was away on a honeymoon and Mr. Buchanan started to work on the bus.

Awakened From Sleep

Mrs. Washington said she was asleep when the crash occurred. She recalled hearing men and women scream and the passengers being thrown about as the bus bounced off the highway.

Dr. Lovell's car was demolished and the bus badly damaged.

Four ambulances were rushed to the scene to carry the injured to Baltimore City Hospitals. The six injured workers were taken to Hospitals expressed a belief that their jobs at the Proving Grounds will be able to be quizzed on in another bus. Saturday.

Sleuths Busy Seeking '49 Dog Tags

Is your puppy up to date? City policemen are making a house-to-house canvas, checking on the dogs whose owners have not purchased for them new licenses. The 1950 licenses were due Jan. 1.

Several of the investigating officers report that thousands of dogs still are wearing last year's styles (licenses, that is). Pet owners may be haled into court for failure to provide the 1950 licenses. They cost $1 and are available at the Municipal Building, Lexington and Holliday Sts.

Dress-Up, Help-Out Easter Plan Aired

A plan whereby one can get $10 to put down on a new Easter suit and at the same time give old topcoats and suits to a community church to distribute to needy of their parish has been instituted by Cherry's Loan Office.

Mr. Cherry, who has been operating at S. Charles and Lombard St., some 40 years, said that he thought of the plan because many persons will be unable to purchase any clothing for the coming Easter season.

Trade-In Plan Cited

He will allow $10 on any man's suit or topcoat when traded in on any new or unredeemed suit in his store.

These traded-in suits are being tabbed to go to the community churches of the purchaser's choice for distribution to the needy of their parishes.
