CALL TO CHRISTIAN WOMEN:

Evangelism Wonderful Field, Mrs. Allen Says

The field of evangelism holds out a wonderful life to women, declares the Rev. Mrs. Margaret Gray Allen, evangelist at Metropolitan Methodist Church, who still comes across a few men who resent a woman minister.

The Rev. Mrs. Allen, who, incidentally, was born right next to Calvary Baptist Church, 500 W. Biddle St., has a full Sunday calendar up until June.

Engaged 10 Straight Sundays

On all Sundays except one in the next two months, she will speak at two services at various churches in celebration of Woman's Day.

Appearing with her are two other gospel singers, the Rev. Miss Agnes Alston and Miss Betty Spriggs.

The Rev. Mrs. Allen, a native Baltimorean, was educated in the public schools here and attended the School of Ministerial Training in Morristown, Tenn. She received her call to the ministery in April, 1939, and has been preaching ever since.

REV. MARGARET G. ALLEN

Always Attracts Crowds

She likes to talk to women about their place in the Christian Church or along some similar line. Her "Back Home Hour," has become so popular that seldom are there vacant seats in the churches where she appears.

She always wanted to be an evangelist, and when she became ill some 12 years ago, she promised the Lord if He would heal her body, she would use her time and talent for Him.

Asked if she had any hints for young women who might want to go into the ministry, the Rev. Mrs. Allen said they should be sure of themselves, have a purpose, then "go to it."

Wants Own Church

Her greatest ambition is to have a church of her own which is bright with lights—"lights to make it alive, vibrant and living, like God is there," she said.

Her church, she emphasized would be open to call people of various faiths and denominations so that anybody could come and feel at home.

Her main work in such a church would be with young people whom she would want to join and stay and then later bring their children there.

Day's Activities Varied

Most persons have dislikes, but Mrs. Allen said: "I just don't like those folks who talk so much about something about which they know nothing."

She begins each day with prayer, and lists as a typical day her preaching in a Baltimore church at 11 a.m. in Delaware at 3 p.m., and in Philadelphia at 8 p.m. This she has done often.

Product of Metropolitan

She grew up at Metropolitan Methodist Church where, from a Sunday School teacher and league head, she became an exhorter and then an evangelist. Her first revival was conducted at Perkins Square Baptist Church some 10 or 11 years ago.

In the past few years she has not only preached at out-of-town churches but in all of the Baptist and Methodist Churches in the city. Most AME congregations know her well.

At Perkins Square Sunday

On Sunday, Apr. 23, she will preach at the 11 a.m. service at Perkins Square Baptist Church, and at 8 p.m., she will go to Cambridge, Md., to speak to the Business and Professional Women's Club.

The next Sunday, Apr. 30, she will speak at the 3 and 8 p.m. services at Eastern Methodist Church, McElderry St. near Patterson Park Ave.

Aided by Dr. Trigg

Mrs. Allen won many contest prizes for singing and playing when she was just out of high school. She was a dental technician in the WAAC for five months at Camp Atterbury, Va.

Dr. Charles Trigg is the man who had confidence in the Rev. Mrs. Allen when she wanted to enter the ministry and all others were against her. Through his inspiration and advice, she went ahead in the field.

Mrs. Allen lives with her mother, Mrs. Annie L. Gray, at 2532½ Druid Hill Ave.

Rev. Bailey Feted at Birthday Party

The Rev. A. L. Bailey, associate pastor of Enon Baptist Church, recently was entertained at a birthday party at St. Paul Baptist Institutional Church.

Among those who participated were:

The Revs. B. L. Matthews, Arthur Williams, Simon Williamson, L. J. Raynald, J. C. Nicken, G. A. Crawley, F. A. Hardes, D. R. Page, E. D. Meads, William Green, J. H. Matthews, D. Baron, V. T. Williams, S. J. Edwards, J. R. Bates, Matthew Wilkerson, Theodore Hayes, J. L. Flappin, Willie S. Wiggins, Lonnie Branch and Joe Henry.

MRS. VIOLA BUTLER FETED AT PARTY

A birthday party was given Mrs. Viola Butler, Saturday, by her husband, John C. Butler Sr. They live at 1019 N. Monroe St. Among the guests were:

Messrs. and Mesdames Andrew Watson, Julius Bee, Henry Johnson, James McCorkle, Reanol Smith, Albert Jones and Phillip Truiett;

Mesdames Velma Stokes, Ann Jones, Mamie Laws, Helen Carr of Norfolk, and Eloise Jennings; Misses Winnie Cook, and Sarah Henry; and Messrs. Ellsworth Bailey, Tallie Cook, and Cornelius Johnson.

Zeta Chapter Sponsors Concert by Westminster Choir April 28

The famed Westminster Choir will appear at the Douglass High School auditorium on Friday, April 28, at 8 p.m. under the auspices of Alpha Zeta Chapter of Zeta Phi Beta Sorority.

The group first organized to serve as the volunteer choir of Westminster Presbyterian Church, Dayton, Ohio, now functions as the touring concert unit of Westminster Choir College in Princeton, N.J.

John F. Williamson, founder and conductor of the choir, is also founder and president of the college.

28th Season

This year marks the 28th season this distinguished choral group has appeared before the concert public.

In contrast to the present highly-trained choir, members of the original choir were persons who devoted their leisure hours to singing under the direction of Mr. Williamson, then minister of music at Westminster Church.

Because of popular demand, the group was placed under a concert manager and in 1921 undertook its first tour.

Since this initial tour, the choir has sung throughout the United States, Cuba, Canada, and in 1929 and 1934 made European tours that included England, Scotland, 13 countries on the continent and Russia.

The Choir's repertory ranges from selections by early Italian masters to contemporary composers and of great popular appeal is its singing of American folk songs.

GAYER'S AMAZINGLY EFFECTIVE POMADE WINS FRIENDS FROM COAST TO COAST!

WOMEN OF ALL AGES HAIL BRILLIANT RESULTS GAINED USING GAYER'S POMADE
STORM OF UNSOLICITED LETTERS DELUGE GAYER'S HOME OFFICE

Without benefit of a course in how to win friends and influence people, Gayer's Special Pomade, the remarkably effective hair dressing, is gaining popularity in every section of the country.

Basing its entire advertising appeal on the merits of the product itself, Gayer's has been deluged with a storm of letters praising the pomade. Some of the letters came from as far off as Alaska.

These unsolicited letters form the pillars on which the deserved popularity of the product is based.

Made of the finest, purest ingredients obtainable, Gayer's is manufactured by experts under the most sanitary conditions.

Gayer's experts, faced with the problem of setting up a well rounded hair dressing that would act as food for the hair roots, kill injurious hair germs and impart gloss and softness to the hair, came up with the five ingredients that today make up the formula.

These five ingredients are Lanolin, Sulphur, Sage, Oil of Bergamot and Olive Oil.

Sulphur was chosen as the perfect ingredient for killing off harmful hair germs.

Acting as a germicide, therefore, the sulphur destroys all enemies to hair growth and prepares the way for the other ingredients to perform their various duties.

The second requirement of a good pomade is that it provide food and nourishment for the hair roots themselves.

Sage, Oil of Bergamot and Olive Oil all perform this most important task.

So that these important agents can perform their appointed tasks, the agents themselves must get well below the surface of the scalp.

Lanolin has long been accepted as the best vehicle for doing this job.

To prove Lanolin's effectiveness, try the finger-tip test yourself.

Touch a bit of Gayer's Special Pomade on the back of your hand and rub for a short period of time. Note how quickly the pomade seeps below the surface of the skin so that the sulphur and the sage, the Olive Oil and the Oil of Bergamot can begin their beneficial work.

Skilled compounders after many laboratory experiments and after many try-outs by interested women, arrived at the proper ratio for each of these ingredients.

Their research and extended pioneering labors produced the most beneficial and efficient hair pomade ever devised.

GAYER'S OFFER $100 REWARD FOR ANYONE DEVISING BETTER FORMULA

The Quaker Hair Goods Company, manufacturers of Gayer's Special Pomade, are very certain that the dressing is made according to the best formula available.

So certain are they, that the company offers a reward of $100 to anyone who can prove successfully that there is a more beneficial compound.

This reward has been publicized for many years, and, to date its top-flight worthiness has not been challenged.

Omaha Matron Can't Do Without Her Gayer's Pomade

"Gayer's can't be beat for growing hair and putting a lovely gloss after pressing the hair, also keeps the hair so soft, and I can't do without it," writes Mrs. M. F. E. of Omaha, Nebraska.

"I am writing you to see if you will send me three cans of Gayer's Hair Pomade. I got it at 50c a can."

You, too, will find that you can't do without Gayer's amazingly effective Hair Pomade after using it only a short while!

Its valuable germ-killing qualities, its fine ability to give life-bearing food to the roots of your hair, will do much to insure your social success.

Try just one container of Gayer's and note the fine gloss, the soft feel it imparts to your hair!

IN GREAT DEMAND

Illustrated here is container of Gayer's Special Pomade, the amazingly effective hair dressing that is gaining friends all over the country.

SEPTUAGENARIAN HAS NOTHING BUT PRAISE FOR GAYER

That Gayer's Pomade proves beneficial to women of all ages is attested by letter recently received from Mrs. E. R., of Mt. Pleasant, Texas.

Quotes Mrs. E. R.: "I am seventy years old and never found any (hair grower) could beat it."

"I sent my daughter in Denver, Colorado, one box and . . . she says it . . . best she ever used."

This mother-daughter team has been using Gayer's for over two years, proving conclusively that age has no bearing whatsoever on the effectiveness of Gayer's Special Pomade.

PROOF

The Unsolicited Letters quoted here can be seen at any time in the offices of the QUAKER HAIR GOODS CO., Philadelphia, 46, Pa.

Now Hair Grows Like Magic, Writes Lady from Alaska

From one of the northernmost points in the world, afar off Alaska, Mrs. M.P.C., writes most encouraging news.

"I lost my hair because of a nervous condition," writes Mrs. C., "and the doctor was doubtful I would ever have hair again. It was like a very bad case of Alopecia.

"But now my hair is growing like magic. Within the past four months it is a nice length again."

Gayer's Special Pomade is not advertised or sold as a grower. It is the best pomade or dressing available.

OTHER USEFUL COMMENTS from:

GOLDSBORO, N.C.

"Your hair dressing is wonderful" avers Mrs. M. E. B. "I haven't found anything better."

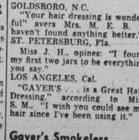
ST. PETERSBURG, Fla.

Miss J. H. opines: "I found my first two jars to be everything you say."

LOS ANGELES, Cal.

"GAYER'S . . . is a Great Hair Dressing," according to Miss S. M. "I wish you could see my hair since I've been using it."

Gayer's Smokeless Pressing Oil Fit Companion for Pomade



Many women who have used Gayer's Pomade, have found even better results if they use Gayer's Smokeless Pressing Oil as well.

Letters received in the office imply that a great team for producing beautiful, soft and glossy hair is the two Gayer products.

Gayer's Smokeless Pressing Oil is a fine product in its own right and has very many advantages peculiar to itself.

For instance, unlike many other pressing oils, Gayer's can be used with either straightening comb or marcel iron.

Gayer's Smokeless Pressing Oil lives up to its name. It positively will not smoke. Its component parts are all so well mixed that they do not separate with heat and therefore do not burn.

It also leaves the hair with a very high gloss.

Prominent Seattle Beautician Writes Sister in Detroit About Gayer's

Along with her regular order, Mrs. E. A. of Seattle, Washington, included a comment that proves most interesting.

She writes: "I was telling my sister in Detroit just how wonderful the growth was, and she wants to try it."

Unsolicited customer approval and recommendation has done as much for Gayer's Pomade as its advertising. This word of mouth, passing on to other possible users of the pomade, has done much to increase its sale.

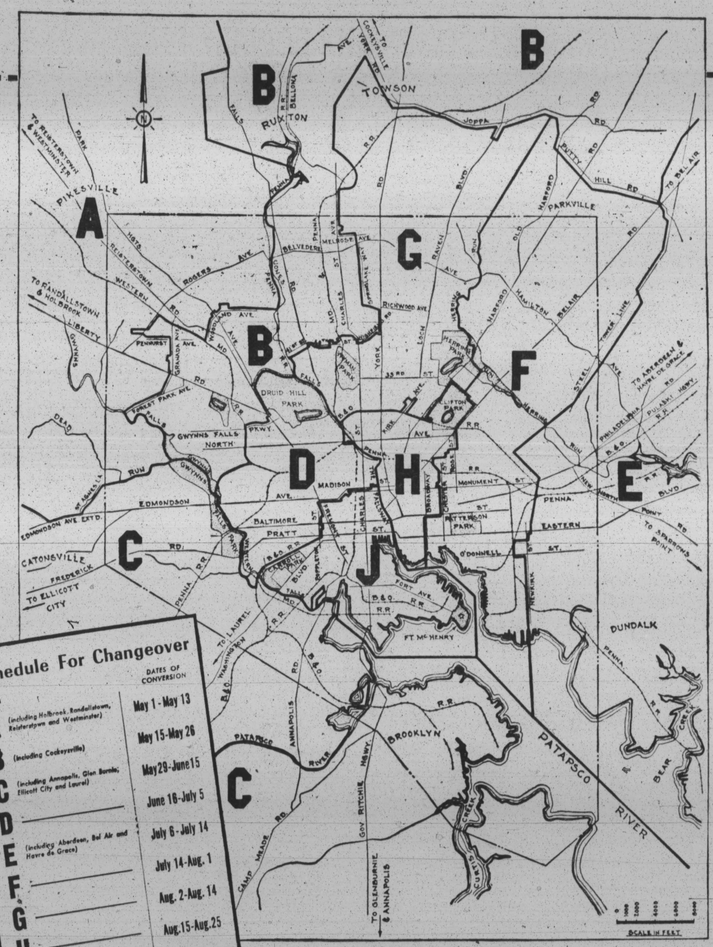
It is indicative of the quality of the product, too, when women feel safe in passing on such information to other women.

ON SALE AT ALL RELIABLE DRUG STORES AND BEAUTY PARLORS.

SCHEDULE OF CHANGEOVER TO NATURAL GAS

This preliminary announcement is to give our customers advance information regarding the steps that will be taken to supply natural gas.

Adjusting thousands of appliances to burn natural gas properly is a big job. It will take over four months. The work has been scheduled section by section within each area, in order that it may be done with a minimum of inconvenience to our customers. Your cooperation in arranging for the Conversion Man to get into your home or place of business to adjust your appliances will be appreciated.



Schedule For Changeover

AREA	DATES OF CONVERSION
A (including Hollbrook, Randallstown, Reisterstown and Westminster)	May 1 - May 13
B (excluding Cockeysville)	May 15-May 26
C (including Annapolis, Glen Burnie, Ellicott City and Laurel)	May 29-June 15
D	June 16-July 5
E (including Aberdeen, Bel Air and Havre de Grace)	July 6 - July 14
F	July 14-Aug. 1
G	Aug. 2-Aug. 14
H	Aug. 15-Aug. 25
J	Aug. 26-Sept. 8

Every effort will be made to complete the changeover work in accordance with the above schedule. This schedule may vary by a few days, depending on the rate of progress. Watch for newspaper advertisement showing the date your section of your area will be converted.

GENERAL PLAN OF CHANGEOVER...

As shown by the map, the territory we supply with gas has been divided into areas. Each area is further divided into sections (not shown on this map). Before natural gas is brought into your neighborhood, newspaper advertisements will be published showing when each section of your area will be converted.

Starting with Area A, our Company will turn natural gas into one section of that area at a time. After conversion of all sections in Area A, the same procedure will be followed for the sections in B and other areas. Easy-to-follow instructions on the use of gas appliances during the changeover period will be sent to you by mail and messenger. It will take about two days to convert every appliance in each section, but only the last customers reached in any section will have to wait that long. Adjustments necessary for your appliances to burn this new fuel properly will be made free of charge.
