Light Hous keeping

By LULA MACKAY

It's a pity that we will not be around for the twenty-first century, just to sample the goodies that are sure to be around. Right now, for example it is posible to sew without thread or needle with an ultrason ic sewing machine. The new technic sews by welding together synthetic materials with high-frequency vibrations. The vibrations generate localized heat by causing one piece of material to vibrate against the other, creating a molecular change which joins or "sews" the pieces together.

Dollars and Sense: When shopping for a new home consider how far the garage is from the kitchen. A housewife returning from the supermarket with several bags of groceries whould not have to lug them halfway around the house to enter the kitchen. Make sure you choose a home with a drive-in garage close to the kitchen door.

For Beauty's Sake — Diane Washington, who is cover girl for Glamour Magazine, this month, has come up with an entirely new make-up conception. It's mauve pink and violet highlights on dark skins that lend a fresh new approach to makeup.

Miss Washington has been modeling since she was 15, and was at one time a charm instructor at the Urban League Progress Center in her home town, Chicago. Currently living in ton likes to put her own fashion things together. Says beauty should be natural and makeup should enhance your natural assets in a subtle way.

* * *

Recipe of the Week: Fine cookies to send to Military personnel and students away from home for the Christmas holidays are two excellent travellers, here, recommended by American Red Cross.

The first, Prager Kuchen, are really old-fashioned sugar cookies, and are made with a half cup butter, three tablespoons sugar, three eggs separated, three-fourths cup flour, an eighth teaspoon salt, three-fourths cup sugar sifted, a teaspoon vanilla, a teaspoon grated lemon rind or a teaspoon cinnamon and a half cup blanched shredded almonds.

Cream the butter until soft. Add three tablespoons of sugar and cream with the butter. Beat in egg yolks. Stir in flour. Roll to a fourth inch thickness. Cut into small rounds. Place on greased baking sheet.

Whip egg whites and salt until thick. Slowly add sugar, beating constantly. Fold in flavoring and nuts. Place teaspoon of this on each cookie. Bake 325 F. for 10-12 minutes.

The second recipe is for Molasses Snaps.

These require three-fourth cup shortening, a cup brown sugar, packed; two eggs, a fourth cup molasses, two and a fourth cups flour, two teaspoons baking soda, a teaspoon cinnamon, a teaspoon ginger, and a cup raisins.

Beat shortening and sugar until creamy. Beat in eggs and molasses. Mix dry ingredients and stir in raisins and nuts. Stir flour mixture into molasses mixture. Drop dough from a namon, a teaspoon ginger; a half cup chopped nuts teaspoon onto a lightly greased baking sheet. Space cookies about two inches apart. Bake at 375 F, 10 to 12 minutes or until set but not hard. Remove from baking sheet while warm.

George McMillan, St. Paul member

Funeral services for George McMillan Sr., 63, 1325 N. Kenwood Ave., were held Thursday at St. Paul Christian Community Church.

The Rev. Edward M. River, pastor, officiated.

Mr. McMillan died Friday in his home after an extended illness.

He was an employee of the Dukeland Meatpacking Company for 23 years.

He joined St. Paul in 1963 and became an active member of the Usher Board.

Mr. McMillan was also an active member of the Eastside Neighborhood Club.

Mr. McMillan, a native of Clio, S.C., married Mrs. Neva Alford McMillan, also of Clio, in 1926 and they came to Baltimore in 1937.

Other survivors include one daughter, Mrs. Ernestine J. Smith; one son, George McMillan Jr.; three sisters, Mrs. Sarah Bredden, of Clio, Mrs. Lizzie McRimmon and Mrs. Daisy Towsond, both of Hoffman, N.C.; one brother, Alexander McMillan; seven grandchildren and three great-grandchildren.

Policewoman conference in Ontario

Baltimore policewoman Lt. Carolyn Robinson and Sgt. Bessie R. Norris participated in the Eighth Training Conference of the International Association of Women Police at Algoma College in Sault Ste. Marie, Ontario, Canada, Oct. 11 through 17.

Interested in mutual problems of law enforcement officers, they discussed topics including juvenile delinquency, the role of the policewoman in crime prevention and detection and her role in community relations.

The Association was organized in 1916 to represent policewomen globally.

This conference was the first to be held outside of the United States since the Association's reorganization in 1956.
