Dr. and Mrs. Maurice L. Adams of Morgan Park, were "at home" Sunday afternoon, in honor of their daughter, Miss Nina Belle Adams, a debutante of the current season.

Miss Adams was presented by the Me-De-So Club at the annual Cotillion in April. An honor graduate of Western High School, this city, she will be a sophomore next term at Syracuse University, where she was on the Dean's list during her Freshman year.

THE MANTLE above the fireplace banked with cut flowers, and large groupings of the flowers on the grand piano added further charm to the living room, where guests were received.

Guests were presented to the receiving line by Mrs. Talmadge Hill. In line were Mrs. Mark Patterson, Mrs. Adams, Mrs. John Gunn, godmother of Miss Adams; the Debutante, Mrs. William Watts, wife of her Me-De-So sponsor; and Mrs. Cecil Carroll of Atlanta, Ga.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository* or *ointment form* called *Preparation H®*. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.

Some of the Coppin faculty about were Dr. and Mrs. Lawrence Reddick, Dr. and Mrs. Charles Harris and daughter, Dr. John Myers, dean of students, his wife and family; Dr. and Mrs. Lonnie Green and daughter, Cheryl; Alfred Taylor, Henry Freeman and father, Louis Freeman; Miss Melvia Nimo, Mrs. Leanna Webster and children; Mr. and Mrs. Herbert Frisby; Misses Jerlyn Manuel and Gwendolyn Carter.

PHONE CALLS "SAVE" BALTIMORE HOUSEWIFE TWO DAYS TRAVEL TIME IN TWO WEEKS

At our request, Mrs. Edwin Howe of Baltimore recently kept a two-week diary of her phone calls. For each local "telephone trip" she took, she estimated the time, travel and money saved.

Mrs. Howe's calls were the kind that many active mothers with three young children make. Calls to babysitters and doctors. Calls to check on Little League registration and nursery school schedules. Calls that saved her 48 hours in fourteen days. Plus 312 miles of travel and $27.84.

According to Mrs. Howe, there were even other savings her telephone diary didn't show. "There were so many difficulties painlessly avoided by the use of our phone. Worry and misunderstandings, as well as unnecessary effort and inconvenience. I honestly can't evaluate the merits of our phone in terms of time, money and mileage alone!"

If you kept track of your phone calls for two weeks, what would you find? You'd probably discover, too, that your telephone gives you a great deal in return for its low monthly cost.
