This schedule, Department of Education officials said, is designed to favor the career teacher and to attract educational personnel seriously interested in making a career of teaching. The beginning salary, it was explained, to new teachers of high promise, and the successive raises should retain competent teachers in the Baltimore City Public Schools.

For the earned master's degree and 30 additional semester hours of approved study related to the field of assigned professional responsibility, one year (30) semester hours) of approved study beyond the bachelor's degree schedule, $500 additional will be paid.

For the earned master's degree and 30 additional semester hours of approved study related to the field of assigned professional responsibility, one year (30 semester hours) of approved study beyond the master's degree schedule, $500 additional will be paid.

For the earned doctorate related to the field of assigned professional responsibility, $1,500 additional will be paid.

It was further recommended that this revised schedule of salaries become effective January 1, 1964.

There was no change in salary schedule of differentials for administrative and supervisory positions which approved by the Board in June, 1962 for the 1963 budget requests.

The new wage program must be approved by the Board of Estimates when the total school budget is submitted in August.

Injury delays Tiger-Fullmer

OGDEN, Utah (ANP)—An injury to challenger Gene Fullmer has forced his scheduled July 13 middleweight title fight against Dick Tiger at Ibadan, Nigeria, back to July 27.

According to Fullmer's manager, Marv Jansen, Fullmer tore a foot muscle and asked for a postponement of two weeks. The extension has been granted, he said.

Tiger, the champion, will continue training until the July 27 showdown.

Bobby Mitchell is guest at rally

By ELLA MAE GOTHARD

WASHINGTON

Bobby Mitchell, the great football player for the Washington Redskins Football Club, was the guest speaker at a Community Youth Rally and Fete recently held at Bethlehem Baptist Church, Nichols Ave., and Howard Rd., S.E. where the Rev. James E. Coates is pastor.

More than 200 persons between the ages of 12-18 including several cottages of young people and their counselors from Junior Village attended.

OPERATION ENLISTMENT, the theme of the Rally, was to get the youth of the Anacostia community involved in the programs and activities of the several agencies and institutions providing opportunities for the wholesome development of youth. It also aimed at getting the children and youth away from idleness and unproductivity during their vacation from school.

In his speech to the group, Bobby Mitchell encouraged them to care for their personal grooming. He suggested that a youth might select some older person who he admired and pattern his life after that person. The importance of being the best of whatever one decides to be in life was emphasized. He related how opportunities for education came to him because of his athletic ability.

Want "first-class everything" Mrs. Davis tells FACT's group

No "second-class something", but first class everything" is our aim, Mrs. Christine R. Davis, of Washington, told those attending the third annual meeting of Facts and Civic Techniques Seminar here, Saturday.

Mrs. Davis, staff director of the Committee on Government Operations of the U.S. House of Representatives, decried the term "second-class citizenship" saying that there is no citizenship so long as it is second class.

* * *

SAID MRS. DAVIS:

"This is a crucial time for our country and the world. A vast and dynamic change is going on. It is marked by great progress in scientific and mechanical technology in innumerable fields. But the greatest change now going on is in the field of human relations.

"Ten or fifteen years ago you could count on your fingers the people who were personally taking action to fight against racial discrimination. Today, hundreds of thousands of people, of every color, religion, geographic area, occupational level, and political affiliation have directly and personally involved themselves in the equality of opportunity. They are using their feet to march, and their bodies to sit, in the struggle for human freedom.

* * *

"THIS COUNTRY has now become fully aware that the colored American will no longer apathetically accept the handicaps of exclusion, discrimination, deprivation and humiliation imposed upon him solely because of his ancestry.

"Just as we rejected the principle of "separate but equal" which invariably gave separation but never equality, so we reject that "second-class something" which is not citizenship so long as it is second class.

"What we want is 'first-class everything', for ourselves, for our children, for everyone in this country. We want the same opportunity to enjoy life, liberty and the pursuit of happiness that anybody else has, no matter what his skin color or religion or national origin, and we shall accept nothing less.

Mrs. Davis expressed the belief that in this great movement toward full freedom, women will provide much leadership, not only in meeting the challenges of the time, but in helping to expand horizons and in preparing the way to fulfill new opportunities.

* * *

POINTING OUT that working conditions for women in Federal Government are generally excellent, and that the President recently signed the Equal Pay Act for the elevation and protection of women's rights, it is now time for women to be recognized for appointment to high office in our government and in the military service, said the speaker.

An achievement award, a plaque, was presented to Mrs. Davis by FACTS. A plaque also went to City Councilman Henry G. Parks.

* * *

MISS SHIRLEY KYLE, president, made the presentations as well as presided at the seminar-luncheon, which was held in Stewart's in Reisterstown Plaza. Mrs. Blanche Hughes led the discussion following Mrs. Davis' address; Mrs. Saretha Greene gave the acknowledgments and the invocation was by the Rev. Marion C. Bascom.

Mrs. Robbie Chissell was luncheon chairman. Officers of FACTS also include Mrs. Louise Robinson, vice president; Mrs. Norma Maiden, recording secretary; Mrs. Miriam Brown, corresponding secretary and Mrs. Lillian Ross, treasurer.

* * *

AMONG THOSE attending the seminar were:

Senator Verda F. Welcome, Mesdames Portia Ballard, Emma G. Bright, Adelfe M. Seremus, Gwendolyn Mickle, Charlotte W. Martin, Lula Patterson, Iona W. Collins, Joyce C. Weaver,
