Clean Blockers declare total war on litter

A mighty crew of AFRO Clean Blockers has been organized in the 100 Block of Brewer St. and every available resource is being geared for the campaign against the Number One enemy, the litter-bug.

Littered sidewalks, unsightly alleys and lots, unkept yards, unpainted steps must go, says Clean Block Captain Bennie James Farnan.

He and his crew are going all out to make their block a clean and beautiful one.

George Burke and Sgt. Feehley of the Baltimore Sanitation Department have been most cooperative with the Clean Block Campaign. Trucks have been moving the unsightly rubbish away, load after load, reports Mrs. Jeanette Leath, director.

$100,000 Hanlon Pk. center is opposed

The New Ashburton Improvement Association voted to oppose the construction of a $100,000 recreation center in Hanlon Park at its June meeting.

This position was taken after full membership discussion of a report by the Park and Recreation Committee which studied the plans of the Recreation Department to build this center in Hanlon Park.

James H. Dougherty, president of the association, stated the organization feels that open spaces in Hanlon Park should be preserved as there is real need for open park land in the city.

The park is presently used for recreation, containing baseball diamonds, a football field and tennis courts.

The Hanlon Park Recreation Center, at School 60, Dukeland Street and Gwynns Falls Parkway, provides additional recreation for the area.

The association believes that there are other areas in the city that need a recreation center more urgently than Hanlon Park, especially in the inner city. The Association plans to take steps necessary to preserve this open space in Hanlon Park, according to the news release.

1 tablespoon of patience
2 tablespoons of honesty
¾ cup of understanding
1 cup of justice and 1 full cup of equality."
