Crockett named to realty board

James Crockett is the first colored person to be elected to the 26 man board of directors of the Real Estate Board of Greater Baltimore. The 107 year - old Board, oldest in the country, sets real estate policy for more than 1500 realtors.

Last year Mr. Crockett, one of ten colored persons in the 500 member organization, was chosen to finish an unexpired term of another board member. His election in his own right this year will be for a two - year term.

In February Mr. Crockett was one of the representatives of the REBGB to Washington to ask for an extension of the President's executive order to cover all financing of homes through federally - chartered organizations.

"Serving on the board is really a challenge," Mr. Crockett told the AFRO. He is on two board committees.

The first, the Neighborhoods Committee, concerns itself with the stabilization of racial balance and the prevention of ghettos.

The second, the FHA Realtor Liaison Committee, will try to bring about better relations between the two groups.

Mr. Crockett and his wife, Mary, reside at 2223 Koko La.

ALL IN A DAY — Jubilant though he wa ove his selection as the National League's most valuable player for 1965, Willie Mays acted as though it was just part of a normal day for him. Immediately after he was notified of his citation by Baseball Writers Association secretary Hy Hurwitz, Willie was off to the Pleasant Valley Country Club golf course for his daily round. He's shown here with the club pro, Dave Hare, Center, and his banker friend and financial advisor, Jacob Shemano. Willie has a reputation for being long off the tee but very much in need of improvement in his short game, including putting.

Mays is 12th tan MVP of last 17 years in NL

The crowning of Willie Mays as the National League's most valuable player Wednesday, marked the twelfth time in the last 17 years that a colored athlete has walked off with the title in the senior circuit.

Tan players have been eligible for the honor for only 19 years, the color line having barred their participation in major league baseball prior to 1947.

Jackie Robinson was the first winner of the award in 1949.

VOTING RESULTS showed Mays was the only one of 31 players mentioned on each of the ten - placed ballots filed by two writers from each National League city.

Mays was named as runnerup 10 times and got one third - place vote. Koufax took six top votes and Dodger base - stealing ace Maury Wills netted the other five for a strong third place finish.

THE 34 - year - old Mays said he thought it was "wonderful to be chosen with so many good ball players around. It's especially good because we didn't win the pennant. The last time I won we did win the pennant.

"Beating Sandy Koufax is a great thrill. He's a great pitcher. I thought I'd be a candidate because this was one of my best years and I didn't think I'd be left out. It's a pleasure to receive this award because it's one every player likes to win."

"ONE OF my best years" included leading the majors in home runs with 52 and total bases with 359. He led the NL in runs scored with 119 and was third in the league, according to unofficial statistics, with a .317 batting average. Mays also set an NL record by swatting 17 runs in august to top the previous high for one month of 16 held by Ralph Kiner.

Wills stole 94 bases while helping the Dodgers to the National League Pennant and finished with a .286 batting average from 186 hits in 158 games.

• • •

INDICIDENTALLY, Willie set a major league record for longevity when he won the title 11 seasons after he captured it the first time.

Mays is only the fifth national leaguer to win the MVP title twice. The 11 seasons that separate his selections exceed Stan Musial's National League title spread (1943 - 48) and Joe Di Maggio's major league mark of eight years (1939 - 47).

• • •

EIGHT ATHLETES have shared in the 12 elections, three of them, including Mays, being multiple winners.

Roy Campanella was a 3-time winner (1951-53-55); Ernie Banks was picked in 1958 - 59, and Willie was the choice in 1954, 11 years ago.

Other colored selections since Robinson broke the ice in 1949, were: Brooklyn's Don Newcombe in 1956, Milwaukee's Hank Aaron in 1957, Cincinnati's Frank Robinson in 1961, and Los Angeles' Maury Wills in 1962.

• • •

IN ALL, 17 tan athletes received mention on the 31 ballots cast. Aside from Mays' victorious tally of 224 points, and Wills' third place accumulation of 164, the following nominations made the list:

Hank Aaron of the Braves, was seventh with 58 points; Bob Clemente, the NL batting champ of the Pirates, was eight with 56, followed by pitcher Juan Marichal of the Giants, in ninth place with 26.

WILLIE McCOVEY of the Giants, was tenth; Billy Williams of the Cubs, was twelfth; Willie Stargell, Pirates, 14th; Curt Flood, Cardinals, 15th; Jim Ray Hart, Giants, 16th; Frank Robinson, Reds, 18th, and Leo Cardenas, also of the Reds, 21st.

Lou Johnson of the Dodger was 25th; John Roseboro of the same club, 27th; Richie Allen, Phillies, 28th; Jim Gilliam, Dodgers, 30th and Joe Morgan of the Astros, was 31st—SAM LACY.

Cherry Hill classes make gifts for crippled tots

Students in Cherry Hill Junior High school's home economics classes are doing their part to bring Christmas joy to crippled children of the Kernan Hospital on Windsor Mill Rd.

One class the AFRO visited diected by Mrs. G. Puryear, has gotten the job down to almost assemblyine fashion. That is, continuous work is done by four groups divided into those cutting, pinniing, sewing and stuffing.

Class section 7-301, for instance, showed progress of the project. The classroom was sunny and quiet as a reporter and photographer, escorted by Mrs. Puryear and Principal James Hite, visited the group.

Mrs. Puryear smiled broadly and said, "See how my class can behave without me?

The 13 class members were bright-eyed and eager to demonstrated the phases of work spread out on the wide blonde-wood tables.

Arranging the students, Mrs. Puryear announced to the sewing group, "pin cushions on left hands." Noting a maverick, Mrs. Puryear's glance stopped on one girl, then she laughed and asked, "Oh, are y o u left-handed? Then put the cushion on your right."

• • •

DURING THE camera shots Mrs. Puryear, a person who obviously stresses the correctness of things, commented, 'I am basically concerned with techniques.'.

As her students followed more instruction, Mrs. Puryear added, "you're going to be seen by seamstresses all over town, so you want to do it right."

Looking toward Mr. Hite, who kept trying to edge out of the camera's background, Mrs. Puryear remarked, "My girls look so sweet this morning." A response of smiles appeared.

Heading toward a table piled high with bright pink and white bits of foam rubber stuffing, Mrs. Puryear instructed the girls to begin stuffing already partially-sewn toys.

The animal characters include Donald Duck, Quick Draw McGraw and other television cartoon favorites.

The animal stuffing is an annual part of the home ec. program, Mrs. Puryear, reported. "We do this in our unit entitled 'Being thoughtful to other people,'" she added.

And the thoughtfulness of this and other sections includes holiday gifts such as spray-painting twigs for floral displays, making individual greeting cards and wreaths.
