MOCK NATIONAL CONVENTION sponsored by Institute for Political Education, 1964. Some 1,300 students participated.

AUGUSTUS A. ADAIR, assistant professor of political science, and director of the Institute for Political Education.

DR. G. JAMES FLEMING, professor of political science, and former director of the Institute for Political Education.

## The Institute For Political Education

The Institute for Political Education is an extra-curricular, interdepartmental program aimed at developing in the college community an awareness and knowledge of practical politics. It attempts to develop an understanding of public issues and a stimulation of political leadership — to the end that citizens may use politics and government for the betterment of their communities.

The program consists of lectures, seminars, informal discussions, workshops, field trips, field projects, internships, both in Washington and Baltimore City. In addition, the Institute sponsors mock conventions, mock elections, town meetings and other mass activities involving the entire undergraduate student body.

With the help of the Ford Foundation, the college is able to provide some twenty undergraduate scholarships each year to those students who have shown unusual interest in public affairs. Scholarships are also given to undergraduate students from five (5) other colleges each year in order that they might use the Morgan facilities for a period of one year, after which they must return to their colleges.

• • •

THE INSTITUTE also sponsors such special projects as "Politician-in-Residence," "Visiting Faculty Colloquim," "Bill of Rights Day" and "Workshop for High School Teachers" and "Community Workshops."

The program has been operating since 1959. Outstanding among its achievements have been the accomplishments of many of its former scholars, eight (8) of whom are now employed in the offices of members of the U.S. Congress. One of its graduates is serving as a Senator in the Virgin Islands.

The past six (6) student governments leaders of the College have been members of the Institutem

Also among its accomplishments have been the publication of a book, **Maryland: A Political Profile**, which to date has sold more than 3,000 copies.

The Institute for Political Education was founded by Dr. G. James Fleming, professor of Political Science at Morgan. The present program is under the direction of Augustus A. Adair and M. Reginald Lewis.

AUGUSTUS A. ADAIR
Director

## Outstanding living alumni

(See page 14)

**Edgar A. Love 1909**
Retired Bishop, Methodist Church

**Edward G. Carroll 1930**
District Superintendent, Methodist Church, Washington, D.C.

**Noah W. Moore 1926**
Bishop, Methodist Church, Houston, Tex.
