Flu vaccine shortage may lead to crisis

Flu vaccine developed to "protect" against the latest strains of flu virus is in short supply, warns the Maryland Pharmaceutical Association.

This could pose serious difficulties for those suffering from chronic heart, lung and kidney disease, the elderly and expectant mothers who have been advised by the State of Maryland Department of Health and Mental Hygiene to obtain the new vaccine.

* *

A survey of local drug suppliers conducted by the Maryland Pharmaceutical Association reveals that most sources had a limited or no supply of the single strain Hong Kong flu vaccine.

In one case, a supply was under quarantine imposed by the Food and Drug Administration. There was no clear indication of how soon this quarantine would be lifted or how soon local distributors who service pharmacies and physicians could be resupplied.

Existing stocks of vaccine have been allocated on a priority basis to nursing homes and other areas of high risk.

* *

Flu virus is immune to penicillin and other antibiotic drugs, but can often be blocked from taking effect by an effective vaccine. Although flu poses little risk to the ordinarily healthy, it is dangerous to members of certain high risk groups.

Welfare hike sought by Governor

Governor Marvin Mandel has announced that he will ask the Board of Public Works to approve a 6.5 per cent increase in welfare grants to be effective Jan. 1, 1974.

In addition, the Governor said he will seek another 6.5 per cent increase in the budget he will present to the 1974 General Assembly, which will raise the total increase in welfare grants to 13 per cent by July 1, 1974.

The initial 6. 5 per cent increase will be made possible because the crackdown on abuses within the welfare system has yielded enough savings in the present budget to make the raise in grants possible without additional new money.

Funds to underwrite this increase are available in the Department of Employment and Social Services current operating budget because of the savings realized by tightening administrative controls and investigative procedures.

Funds for the second phase of the increase will come from general operating funds and surplus money which will be available to expand programs in the 1974-75 budget.

The average monthly welfare grant to a family of four presently is $200, and will increase to $226 a month by next July 1. Each of the two 6.5 per cent increases will result in a $13 monthly raise in the average welfare grant.

Y class tells how to make Yule decor

Adults who want to learn a skill that is fun and a money saver can take a course in homemade Christmas decorations at North Baltimore YMCA program center.

Class begins today, Oct. 30. Class time will be 7 to 9 p.m. Mrs. Margaret Morrison will teach.

For more facts, or to register, contact North Baltimore YMCA program center, 467-2954. The association is a participating United Fund agency.

Talking dog to aid kids

A new and innovative educational aid has been presented to the Gateway Pre-School by the Telephone Pioneers of America, Point Breeze Chapter, Western Electric Company.

The device is a large stuffed dog which houses an intercom system. The speech clinician talks through the dog as a means of encouraging the child to verbalize.

4 wanted in Edmondson Ave. robbery

Police are searching for three men and a woman who Friday night robbed Willie Perkins of $189 in the 1300 block Edmondson Ave.

Mr. Perkins, 70, 1700 block W. Fayette St., told police he and his two friends were getting into his car at about 10 p.m. when a group of three men and a woman approached him.

Police said the men grabbed him and the woman said: "The money is in the left pocket."

The robbers took the money and ran in unknown directions. No one was injured in the incident.
