—Catonsville Notes

(Continued from Page 14)

Steward and Mrs. Elizabeth.

For Civic Affairs and Community Improvements: Mrs. Hannah Lindsay, Thomas Boyer, Mrs. Estelle Crosby, the Rev. Eugene King and James Pennington.

For Personal Achievement: William Holley, William Barber, Herbert Brown, Mrs. Edna Lewis, Mrs. Rhoda Jones and Henson Smith.

Morning Star will long cherish and hold dear the memories of this momentous evening of spiritual joy and fellowship. Music was furnished by all the choirs from the four black churches in the community — Grace AME, Morning Star, Full Gospel Tabernacle and Mt. Olivet United Methodist Church.

By the way, St. Mark Catholic Church was represented by the Gundys and Ed Williams.

Sunday, April 13 was a big day at Grace AME Church. It was their annual Women's Day. The women had really worked hard to raise at least $6,500, collected through a series of events held during the year.

The committee included: Mrs. Hazel Boston, general chairperson; Mrs. Phyllis R. King, chairperson Mrs. Wanda M. Hebron, vice chairperson; Mrs. Florence Jenson, secretary, and Mrs. Marie Johnson, treasurer.

Friendship Is A Garden

Scatter seeds of friendship, thoughts, words and deeds.
Though the soil looks stony, scatter wide your seeds.
Every kindly action, every word sincere —
Every good intention meant to help and cheer
is a seed of friendship.
And somewhere, someday, it will bud and blossom in its own sweet way.
Time must bring its changes as the years roll by
Flowers of love must perish, friendships fade and die.
But if you have scattered all along the track, seeds of true affection —
You will never lack.
Always there'll be someone who is ready with a helping hand.
Do not dread the future, full of doubts and fears
Sow the seeds of friendship for the coming years.

Plan to buy fresh asparagus, bluefish at market this week

The Baltimore Retail Food Price Report, compiled by Helen Huber, marketing specialist at the Md. Department of Agriculture, shows that the price of fresh asparagus, bluefish, white flour and loose tomatoes has decreased over the past week.

Local consumers will not be so pleased when they find that many fresh fruits have increased during the past seven days. Among them are: pears, bag apples, oranges and pineapples.

The report serves to alert AFRO readers to how much they will be paying for market items. It is a public service to this newspaper.

(*) means prices have increased during the week; (-), means decrease.

VEGETABLES	UNIT	PRICE
*Cabbage	lb.	17-19
*Carrots	bch.	29-35

Hints For Homemakers

INEZ KAISER

April showers bring May flowers and they also catch many of us off guard.

WISK TO THE RESCUE!

One day recently I was caught unawares when I received a call from one of my best friends, asking what time she and her husband were due over for bridge.

It was already 4 p.m., and I had completely forgotten it was my turn to host my bridge group. But time wasn't my only concern.

You can imagine how I felt—with only two hours to get ready—when I got out my permanent-press tablecloths and discovered several large grease spots on them.

But as I gathered the soiled linens, I knew that WISK liquid laundry detergent would come to my rescue and leave the tablecloths looking like new.

All I did was measure a half-cup of WISK for the entire washload, pour some WISK directly on the soiled areas, rubbing it into the soiled areas, and then put the cloths and the rest of the laundry in the washer with the remainder of the WISK.

In just about an hour my cloths were washed, dried and ready for use. WISK made it possible.

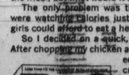

P.S. WISK also removes rings around the collar just as easily.

IMPERIAL FLAVORS THE MENU

I knew my workers would be ready to eat after just two hands of bridge. I didn't mind preparing the meal, but what would it be?

The only problem was that I knew the ways were watching calories just like me. None of us girls could afford to eat a heavy late-evening meal.

So I decided on a quick, yet filling, casserole. After chopping my chicken and mushrooms, I added the vegetables, bread crumbs, milk and flour.

The last but most important ingredient was DIET IMPERIAL Margarine. I knew I could depend on DIET IMPERIAL to give my dish just the flavor that was needed without piling on the calories.

The casserole was served with rolls spread with DIET IMPERIAL, which has the same basic flavor ingredients as butter but gives you just half the calories of regular margarine.

Be sure to purchase this month's Weight Watchers magazine which has a ten-cents-off coupon on DIET IMPERIAL. You'll really like DIET IMPERIAL, just as you have the other two versions of IMPERIAL—regular stick and SOF-SPREAD.

LUX LIQUID'S KIND TO HANDS

With everything ready but the dessert, I reached for my trusty bottle of LUX LIQUID. It really cuts grease and makes my dishes sparkling clean.

But equally important, I like the fact that LUX keeps my hands looking soft and smooth. I've been a LUX LIQUID user for years now because of its mildness.

No matter how often I do dishes, my hands always look as smooth and soft as if they had never touched dishwater before.

Thanks to LUX LIQUID, I was able to "show" my hands at that evening's bridge game with great pride.

Speaking of pride, I was really proud of my quickly arranged centerpiece. It was made of long-stem English Bone China Roses I had just received from my purchase of LUX LIQUID.

The label on the bottle of LUX this month has details on how you, too, can get long-stem English Bone China Roses through your purchase of LUX LIQUID.

This product is a real bargain any number of ways. Try it and see.

PEPSODENT GETS TEETH THEIR WHITEST

With all my major problems now solved, I quickly showered and dressed before the first couple arrived. My last personal task was brushing my teeth with PEPSODENT toothpaste.

I know that many food particles stain my teeth. That's why I use PEPSODENT.

PEPSODENT gets your teeth their whitest. It makes your smile glow. In my work I've learned that a person's smile tells you a great deal about them.

It's important for everyone to have white teeth, and this brand does the job most effectively. Users of PEPSODENT know they are always assured of having the whitest teeth possible.

PEPSODENT also has the lowest abrasion of any leading toothpaste today, which is an important factor.

There are times when I must rise to occasions and face up to emergencies as part of a normal day's routine.

These are the times that make me wonder if I could ever survive without the help of all of the fine Lever Brothers products. They always see me through, no matter what the situation.

-Columbia

(Continued form page 14)

p.m. at Wilde Lake High School.

Gerri Woods and Margaret Langford will present a "That's The Way Of the World" fashion revue for the Mary McCleod Bethune Centennial Recognition. With the aid and expertise of Deanna Curtis and Mabel Darden, the revue will be presented in the Kittamaqundi Room of the new Rouse Building in Columbia on Sunday, April 27 4 to 7:30 p.m.

Cocktails, complimentary champagne, and hors d'oeuvres will be served. Door prizes and dancing will be included.

All proceeds will be donated in honor of Mary McLeod Bethune to the "National Council of Negro Women," (National Head quarters N.Y.C.), a charitable organization that provides funds for programs such as scholarships, aid for drug addiction, better housing, etc.

The highlight of the evening will be special guest Conrad Webley, actor-model from New York City, who will be featuring new seasons fashions from Pierre Cardin of New York and Paris. Commentator for the show will be special guest Bobby White of Newark, N.J. Both guests will set the theme "In Hues of Color."

A host of models will support the special guests. The newest of new ideas in sports, day, and evening fashions will be presented by Audrey Adams, Shirley Caufield, Deanna Curtis, Mabel Darden, Dorothy Dickinson, Margaret Langford, Mary Lou McChelly; Ollie Morales, Sandy Parker, Macey Prince, Lisa Schneider, Marv Williams, Gerri Woods, Robert Anderson, Al Clark (of VICTORIA and ALBERT'S Beauty Salon, Ellicott City), and Larry Gordon.

For ticket information, call 730-1192, 977-4253.

Thought for today

"Ambition and love are the wings to great deeds"

Johann Wolfgang Von Gaethe

Food clips

Freezing is not recommended for most cheeses because they usually become crumbly and mealy when frozen . . . reports home economists at the U.S. Department of Agriculture.

• • •

Fresh Ricotta cottage cheese should be refrigerated covered and used within 3 to 5 days. Most cream cheeses—if refrigerated covered or tightly wrapped—should be used within two weeks.

• • •

One of the best ways to use cheese that has dried out is to grate it and store it in a tightly covered jar.

• • •

Need shredded cheese? It takes about one half pound of cheese to make 2 cups of shredded cheese.

• • •

If you're preparing a fondue dish and no earthenware dish is available, use heat proof glass, ceramic saucepan or casserole dish.

• • •

Hard cheeses—Cheddar and Swiss—keep much longer than soft cheeses if protected from drying out.

• • •

Does the grade of an egg affect its food value? No way. Lower grades are just as high in nutrients as top grades.

• • •

Leftover yolks from baking? Those leftover yolks may be kept in cold water and stored in the refrigerator in a tightly closed container.

• • •

Don't use cracked or soiled eggs — they may contain bacteria that can produce food poisoning, warns USDA home economists.

• • •

Heat coagulates and sets the protein and the egg becomes firm. If cooking temperature is too high or the egg is cooked too long, the protein shrinks and makes the white tough and the yolk mealy.

The green discoloration that appears between the white and the yolk of a hard cooked egg results from a chemical reaction between sulfur in the white and the iron in the yolk. This discoloration is harmless.

MAY 3

The world of spectroscopy today will be the topic of the spring meeting of the Baltimore section of the American Association of Physics Teachers to be held at Goucher College, May 3, starting at 9:30 a.m. The public is welcome.
