TRADITION — Western High girls have traditionally remained neutral when it comes to the City-Poly classic. Some have sided with Poly while others with City, but Miss Rona Holman, senior at Western was definitely cheering for a Poly victory.

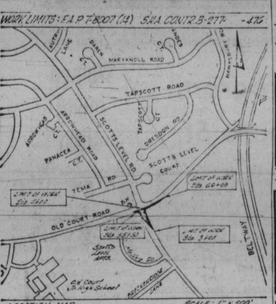
Public Notice



Notice is hereby given that the Department of Public Works of Baltimore County will hold a Public Hearing with respect to the Location and Design for proposed construction to widen Scotts Level Road from Old Court Road to a point approximately 300 feet south of Old Court Road. There will also be widening on the south side of Old Court Road from the intersection of Scotts Level Road to a point 400 feet easterly. The purpose of this effort is to adequately assign the south leg of the Scotts Level Road intersection and provide some storage lane capacity for left turning vehicular traffic. Tentative schedules for right-of-way acquisition and construction will be discussed.

The project will consist of the installation of curb-gutter and sidewalk along a portion of the south quadrants of this intersection then transitioning the new roadway edge to meet the existing road. The Proposed road width will vary with a maximum width of 46 feet between curbs within a maximum planned 66 foot width right of way for Scotts Level Road and a 60 foot width for Old Court Road. Additional improvements to this intersection will involve the paint striping of approach lanes to provide for channelization and the installation of a new traffic signal display. No displacement of directly affected residents is anticipated.

Engineering, land acquisition and construction of this project will be financed 70 per cent by Federal Aid funds and 30 per cent by Baltimore County Capital Improvement funds.

The Public Hearing will be conducted at the Old Court Junior High School, 4617 Old Court Road, Pikesville, Maryland on January 6, 1976. The hearing will start promptly at 7:00 p.m.

All interested persons will be given the opportunity to present their views regarding the proposed location and design of this project, including social, economic and environmental effects of possible alternates.

Drawings and written views, received prior to the hearing will be available for public inspection and copying during the normal working hours of 8:30 AM to 4:30 PM. — Monday thru Friday — at the Baltimore County Bureau of Engineering office, Room 200, County Office Building, 111 W. Chesapeake Avenue, Towson, Maryland 21204.

Individuals and representatives of organizations wishing to be heard at the Public Hearing are requested to furnish their name, address, telephone number and organization they represent, if any, to Mr. Ellsworth N. Driver, Chief, Bureau of Engineering, at the above address, no later than December 31, 1975, so their names may be placed on the list of witnesses. Others present at the hearing may be heard after those on the established list.

Written statements and other exhibits in lieu of, or in addition to, oral presentations at the hearing will be accepted by the Office of the Chief of the Bureau of Engineering at the above address for a period of ten (10) days after the hearing.

OLDEST RIVALRY:
Poly continues mastery of City

Capitalizing on the return of her star running back and the errors of her ancient rival, Poly defeated City on Thursday, 20-6, to continue building her lead in the long-standing city series.

An estimated 5,000 youngsters were on hand at the 75th renewal of a rivalry that predates any scholastic series in the nation and many collegiate traditions as well.

The victory, paced by senior Tom Jones, enabled the Engineers to score their sixth straight win and set up a 37-25-6 margin in the series. The two foes had locked in a tie at 32 in 1970. when Poly captured its first win of the current string.

Since then, City had been able to score only once—in 1972—until this Thanksgiving Day.

* * *

Jones had missed much of the latest Maryland Scholastic Association (MSA) campaign with a leg injury. That explains why the Engineers went into the City game with no better than a 4-4 record and needing victory to avoid a losing season.

Jones celebrated by tallying all three Poly touchdowns, one a 69-yrd return of punt that virtually broke open the game—this while wearing a special brace to protect the sore thigh.

* * *

With Eric Scott and Bobby Hopkins contributing occasion gains, coach Augie Waibel's youngsters ran up 198 yards against the mistake-prone Collegians.

The latter killed any chance they may have had by fumbling nine times, twice at the height of what seemed to be promising drives.

'City closed out one of her most unfortunate seasons with a 2-7 record.

—50-year retiree

to what he terms as His Personal Contribution Toward The Recognition and Elevation of the Black Man:

"The rule in the old days demanded that blacks be segregated, usually parcel post or Maryland Secondary."

One day, in 1926, the Superintendent of the Floor called Alex into his office and advised him that a change was about to be made.

A Black man was going to be assigned to work a Pennsylvania Secondary and Bernard Alexander was the man selected to "Go out and show your coworkers that you can work a secondary other than Maryland."

Alex held his head high. "I like to think that my performance as a responsible individual doing my job with pride and dignity helped to erase the then stigma of Black assumed too incapable of accepting responsibilities."

Mr. Alexander has only missed a total of 240 days of work because of illness.

In 1930 he lost 60 days because of acute pneumonia and again in 1971 due to an operation, he was out six months.

His current 2.041 hours of accumulated sick leave hours are a testimonial to his belief.

Married to the former Miss Pearl Chapman, the Alexanders have a son. Aubrey V; who upon graduation from the University of Maryland pursued graduate courses and received his masters degree from the University of Chicago. Currently he resides in Chicago, employed by the First National Bank.

LONG JOHNS FAN—Officer James Bruton, AFRO security guard tries a new Long Johns cigarette, compliments of the American Tobacco Co. and Marie P. Cooke. AFRO Women's Editor. The new 120 mm brand is currently being introduced in this area and is available in many stores throughout Baltimore. For the next several weeks Ms. Cooke will be helping the American Tobacco Co. to promote its product. Officer Bruton is employed through the Northwestern Security Co.

salesperson tries to convince you that the item advertised is of inferior quality to a higher priced item which "is just what you need."

Don't regard bit and pieces of polished metal as heirlooms even if advertised as such

Be suspect of the ad which proclaims you "as one of the selected few." If the small revelation fee is not worth the prize that you won't receive.

Be alert to deceptive advertising or words which seem to say one thing but appear to say something else. Phrases like: "Helps keep ." Like Getting ." "Works to prevent ." Take the time to read the advertisement first.

Deceptive pricing. The item is doubled in price and later reduced to half it's original price. Key phrase: "Reduced from manufacturer's retail price."

Be sure you understand the contract; do not fall for the encyclopedia sales gimmick which tells you the bargain price is "only 13 cents a day" without telling you that over the ten year projected period the interests comes to almost $500
