"City Line"

(Continued from p. 3)

the job well. *City Line* also includes a variety of community services to keep the interest of its viewing audience: a community calendar, student of the week, a newscast by Tea Montier and an entertainment "page" that features local radio personality Tim Watts.

City Line opens its doors to Baltimore every Sunday, free of charge, where aside from being personally involved in the on - air conversation, the audience gets to see how a television show is actually put on. The technical goings - on behind the scene are frequently as interesting as what is going on in front of them.

With all the talent behind the scenes of *City Line* it is no wonder that the show is enjoying the success it currently is. As producer Wright says, "We have a lot of good people working on City Line, our audiences are always supportive and our guests, the best we can find. We just want to put on a show that people are interested in, sincerely interested in. That's all."
