THIRTY FLAT CLUB members were busy this weekend what with Cleveland Brister and Clayton Tucker taking great part in the administration of AFRAM and then attending the last rites of their two friends TV Tank and Hill Billy.

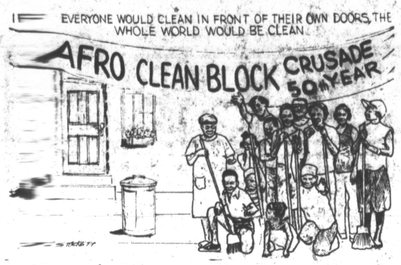

The two friends and many, many others were busy with pre - funeral rites from Saturday through Tuesday the day of both of the funerals.

Cleveland and Clayton were principal movers and shakers of the AFRO celebration which topped 1,500,000 in attendance. The Saturday and Sunday crowds alone went to 700,000 each night, despite rain.

COL. JAMES A. WATKINS, who now has the Watkins Security Firm, had his crew out in full force for the security of the AFRAM booths etc. at Camden Yards each night. His forces had their own trailer on the lot and kept the vast area in perfect safety to the pleasure of the booth holders.

The many hard storms, thunder and lightning did not move the throng although each person was drenched, even under umbrellas. The great objection to Camden Yards as a location for AFRAM has reached the ears of the Powers - That - Be. It is possible that a more attractive and generally better place may be selected for next year or folks say they won't be back.

It's a shame to have bad news about AFRAM which as you know is the largest such gathering in the nation and most of all AFRAM gives Baltimore such goooood publicity the world around — Baltimore, the home of AFRAM, the largest fair in the nation. Toooo bad.
