Bruno back to Civic Sat.

Two-time former World Wrestling Federation heavyweight champion Bruno Sammartino will join his fast improving young son, David, in headlining against the tough tag team of Brutus Beefcake and Johnny Valiant in the top spot of a seven-event wrestling card at the Civic Center Saturday night.

Bruno was generally conceded to be professional wrestling's all-time greatest when he retired — he thought for good.

However, when David, his son, made wrestling his own decision and proved himself an exceptional talent loaded with desire, Bruno became interested in encouraging him and now in accepting a suggestion to become David's tag teammate in spot matches.

The super-Sammartino's — Bruno and David — will share some of the spotlight Saturday night with six outstanding supporting matches.

Special added attractions pair off: Jimmy "Superfly" Snuka vs. Jim "The Anvil" Neidhart, Ricky Steamboat vs. Les Thornton and the Junkyard Dog vs. Big John Studd.

Stars fighting for USFL salvation with Bulls at College Park

Sunday is it.

If the Baltimore Stars are to salvage what might be accepted as a respectable first season here, they must win Sunday afternoon at Byrd Stadium in College Park.

That's when they will take on the Jacksonville Bulls in a fight for the last spot in the 8-team United States Football League playoff.

At the moment the Stars are ninth with the Bulls holding the eighth spot.

A victory for either enhances the chance to go for the title.

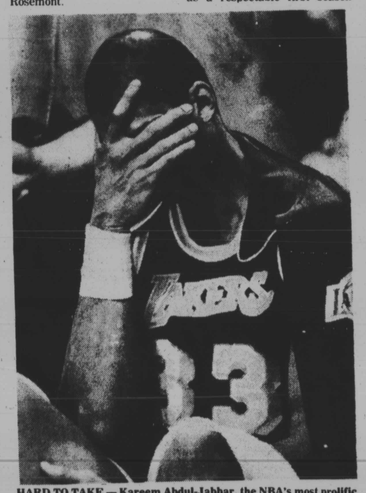

* * *

The Stars defeated the San Antonio Gunslingers 28-10 last Sunday before a club - record low crowd of 8,633. It was Baltimore's second straight victory, only the second time it has registered consecutive wins this season. The triumph moved the Stars to 7-6-1, the first time they have been over .500.

"It was an important win. We need momentum going into the last four games," said Baltimore coach Jim Mora.

"We're finally playing together as a unit and with more confidence," Stars quarterback Chuck Fusina said. "It came at a perfect time of the season. We would have liked it to come sooner, but we'll take it now."

"We just made up our minds that we needed this one and we went out and got it."

HARD TO TAKE — Kareem Abdul-Jabbar, the NBA's most prolific scorer, suffers frustration of what can be done the rest of the way in the championship series with the Boston Celtics. Jabbar symbolizes hopelessness of the Los Angeles Lakers as time closes on the 34-point demolition in the opening game Monday.

Rules and Regulations

PURPOSE

The purpose of this campaign is to get all residents in your block to keep a clean home this summer and beautify the block.

A clean block is one in which steps and sidewalks are washed once a day and the street kept free from trash.

Woodwork is kept free from fingerprints and vestibules are scrubbed.

Windows are kept clean and curtains hung evenly.

Garbage and trash cans are removed as soon as emptied.

Window boxes have flowers in them as well as on the porch.

No one sits at the front window or on the front steps, unless his clothing is neat and clean.

A beautiful block must have flowers in it, and must be clean, both back and front.

EXPLANATION

A block is a row of houses between two cross streets. For the purpose of this campaign, a block includes the houses on both sides of the street.

There must be three or more houses before there is a block.

JUDGES

Judges appointed by the director will choose the best block on these counts. 1. Appearance of block at time of inspection. 2. Improvment of block over what it was when contest began. 3. The beauty of the flowers.

Judges may make as many inspections as they see fit in case of delay, dispute or contest, the director's decision will be final in all cases.

PRIZES

Special certificates of merit will be given to all persons recommended by the captain.

There will be a cash prize and other gifts.

In many blocks a party is given for all those who worked.

BLOCK ORGANIZATION

1. The Captain must try to get all persons in the block to sign up and send their names to the AFRO-AMERICAN Newspaper.

2. He or she must call a meeting of all adults and children and elect a president who will act as advisor.

3. Have a secretary, who will write down what is done at each meeting and send reports to the AFRO.

4. Elect a block inspector, who will see that no trash accumulates anywhere in the block.

5. Elect a marshal, who will call out the clean-up brigade at a definite time each day, so that by all working together at the same time, the block will soon improve in appearance.

6. Do not whitewash trees or curbs; only the back yards and fences may be whitewashed.

WINDOW SIGNS

One hundred per cent cooperation of the block residents will be attested by the window signs as well as by the improved appearance of the block itself.

VICTORY REPORT MUST BE FILED

All Captains in the AFRO's Clean Block Campaign are urged to fill in The Victory Report and return it to the AFRO.

FRIDAY MORNING MEETINGS

1. The Captain must attend the Friday Morning meetins. He or she must sign the attendance sheet upon entry.

2. It is suggested that at least three from the block attend weekly meetings.

Use small spaces to grow

By Bonnie Birker
U. of Maryland Extension Service

Big is not always better; "small is beautiful" and appropriate for gardening in a large city like Baltimore where the goals of promoting health, beauty, and a sense of permanence and community may be as important as producing food.

Don't be deterred because you can't produce a big, beautiful dream garden. Use that tiny backyard space, neighborhood trash center or concrete slab in front of your rowhouse to create a small beautiful garden with a minimum of hard work and time. You will be surprised by the enjoyment you can reap from your efforts.

You want the best production and satisfaction possible from your summer gardening projects. What does it mean to make that garden "better" without making it "bigger?" Your gardening benefits can be more than the amount of food you eat.

You can produce a "better" garden by recognizing these benefits:

improve health with more nutritious vegetables and exercise;

have fun while learning;

improve neighborhood by eliminating eyesores and health hazards;

build a better community spirit;

feel pride in your achievement;

save money!

The University of Maryland Extension can help you in many ways with planning, planting, upkeep and harvesting this summer. Our Urban Agriculture staff can provide technical information on turning your space into a beautiful and productive container or garden plot of nutritious vegetables and flowers.

A new part of the Baltimore City Urban Agriculture program includes community and resource development. We can assist you to survey neighborhood problems with vacant lots and yards and to find possible solutions. Urban Agriculture can help unite neighbors for land, tools and skills; provide training on receiving support from appropriate officials; mobilize resources and organize groups to work together more effectively.

Talks

"Asbestos Contamination: How You Can Detect and Prevent It" will be the subject of an illustrated talk by James Fite, executive director of the White Lung Association, Thursday, June 6 at 7 p.m. at the Waverly Branch, 400 East 33rd Street. Free. Call 235-2360 for details.

CPHA hosts Power Plant opening

The magical, mysterious and zany world of Phineas T. Flagg will be a playground for hundreds of guests as the Citizens Planning and Housing Association (CPHA) hosts a preview opening party at the Six Flags Power Plant June 27. The preview party, the only such event to take place before the Power Plant's grand opening, will benefit CPHA, Parks, and People, and the Baltimore City Fuel Fund. Black-tied or costumed in Victorian garb, guests will wander through the amazing high-tech attractions and special effects entertainment, and will dine, and dance until midnight. For one Magic Lantern Theatre, marvel at the Circus of the Mysterious, and be awed by the Sensorium.

The Power Plant's opening gala will provide important financial support to three Baltimore non-profit organizations. CPHA, one of the area's oldest non-profit public interest organizations, is dedicated to developing greater self-reliance in Baltimore's neighborhoods and providing solutions to urban problems. Parks and People, a new urban organization, strives to augment the public Recreation and Parks system with private funds energy and expertise. And the Fuel Fund provides assistance to low income Baltimore area residents for adequate heating during the winter months.

CPHA has introduced a program for this gala which will allow Baltimore neighborhoods to participate in the facility's opening party. Corporate tickets will be packaged in groups of 12, with 10 tickets going to the corporation, and 2 tickets turned back to CPHA who will allot them to Baltimore's neighborhood residents and leaders.

Clean Block Leadership Meeting
