NEARER THE WORLD — A brilliant short program which catapulted her ahead of Soviet Kira Ivanova on Wednesday, placed Debi Thomas within one step of capturing the world figure skating title. The Stanford University freshman leads the Geneva (Switzerland) competitions and needs only a first or second in Friday's long program to become world champion, thus beating not only Ivanova but former world queens Katarina Witt of East Germany and Tiffany Chin of the U.S., 25-year

Frostburg foursome caps crown

Frostburg State College track coach Bob Lewis took a leaf from the book of the nation's top small schools last weekend when he led a 4-man Bocat team to the NCAA Division III indoor track and field championship.

Similar feats were performed in years past by Maryland State (now UMES), Coppin State, etc.

Frostburg compiled 38 points to outscore Mt. Union (Ohio), St. Thomas (Minn.), Ithaca, Lawrence, Lincoln and Bates in the meet at Bethel College in St. Paul, Minn.

Maynard Hurd, steve terry, Ray Toppins and Joe Barber did the job for the Bobcats. Hurd set a new meet record of 7.37 in the 55-meter hurdles event, in which he was the defending champion and previous record holder.

Essex College establishes canoe course

Adventuresome souls will have a chance to plunge into the basic skills necessary to safely navigate rivers and their whitewater rapids in a canoe through a one-credit, mini-course offered this spring at Essex Community College.

Canoeing River Rapids for Beginners will cover such areas as safety, recognition of river characteristics, levels of difficulty, boat handling skills, equipment and planning extended cruises, according to Dr. Robert Resau, professor of biology at the college and course instructor.

• • •

The class meets from 7 to 9 p.m. on four Mondays—April 14, 21, 28 and May 5—then spends a white water weekend on May 9, 10 and 11.

The class will journey to nearby rivers depending upon the water level at the time, said Dr. Resau. In the past, participants have canoed on the Gunpowder River and the Potomac. By staying with streams in the vicinity, the group is able to return home each evening.

Tuition for Balt ore County residents is $28 plu $1.50 activity fee. Since class space for the course is limited, early registration is encouraged.

HOT AND WARMING — Perhaps the hottest conversation piece in the NCAA Basketball Tournament is Navy's David Robinson. The 7-foot center of the Midshipmen is declared ready for the team's biggest challenge, surprising Cleveland State, in a quarter-final game Friday at East Rutherford, N.J.

Hackers' Corner by Don Haskins

What does line, break and speed have to do with the ever present exclamation "I can't get the ball in the hole!"? Everything!!

We can hit long fairway drives, precise irons and chip shots around the flag, but if we cannot find the bottom of the hole with the ball, we will be unable to score. It's that simple.

There are no cures to correcting missed putts except understanding the basic rudiments and incorporating these fundamentals into your putting method.

As there are different persons playing this delightfully crazy and tantalizingly difficult game, there are as many styles in putting.

The predominant putting styles of today are Wrist, Wrist-Arm, Stabbing, Arm and Side Straddle, all capable of effectiveness.

Wrist

Wrist putters are characterized by the hinging of the left wrist on the backswing with the right hand providing force at impact which may or may not be accompanied by follow-thru.

Wrist-Arm

The Wrist-Arm style of putting requires as its foundation a more pendulum type movement of the arms in the backswing with the right hand providing the force and feel for the correct distance.

Stabbing

The Stabbing putting method is evidenced by a pronounced punch with thr right hand and a stopping of the putter soon after contact with the ball is made. There may or may not be a breaking of the left wrist on the backswing.

Arm

The Arm stroke closely resembles the movement of the hands of a clock in a pendulum swinging action with no wrist action evident.

Side Straddle

The Side Straddle is conspicuous because the entire body stands astride the ball — stands to the side of the ball with the front of the body facing the hole and the hands are brdinarily spaced apart.

It is unimportant which one of the preceding putting styles is used; what is important, however, is that the correct ingredients be incorporated into that method.

To be a consistent putter you must find a putter that sits flat on the ground and which allows you to stand with your eyes directly over the ball promoting the ability to stroke the ball where the eyes are focusing. The stance should be wide enough to prohibit a lateral body movement during the stroke.

The rationale for these requirements is simple: If you address the ball with your head outside the line of the ball (beyond the ball), your natural tendency will be to cut your putts and leave the ball almost invariably to the right of the hole.

The converse is equally true. If your head is too far inside the line and ball, the inclination will be to pull the ball to the left of the line of the putt and hole.

EASTER MARCH 30th

Remember Your Loved Ones With An

EASTER

TRIBUTE

The Baltimore AFRO-AMERICAN on Friday, March 28th, will help you honor your deceased loved one with a special "Easter Tribute Page." With this thought in mind, we are taking this opportunity to suggest the publication of one of the following verses or any similar poem of your choice. Pictures may be used at a small additional cost.

DEADLINE TUES., MARCH 25, 1986

E-1
"UNSPOKEN"
Sometimes along the way of life
I'd hurry thru the day
And often miss the sweet things
I'd really meant to say.
Those little words of tenderness
I felt deep in my heart,
But though I cannot tell you
You'll always be a part
Of every loving thought I have
Today and all the year.
Become in words unspoken
I love you husband, dear.

E-2
"OUR EASTER PRAYER"
O' Sacred Heart of Jesus,
Keep him by Your side.
For I need not tell You,
He was my joy and pride.

E-3
This Easter brings back memories
Of wonderful times we knew,
A family day together
For then dear, Mom, we had you
And all these recollections
Of the happy days now gone,
Bring heartaches and a longing
As Easter morning dawns.

E-4
Tho' you're not here this Easter
Our wishes to impart.
You know our thoughts are with you
Even tho we're far apart.
We'll put our wishes in writing
And hope that they'll be read
By the son and brother we loved so dearly
And whose feet have ceased to tread.

E-5
"OUR EASTER MEMORY"
Your memory to us is a keepsake
With which we'll never part
Though God has you in His Keeping
We still have you in our hearts.

E-6
"OUR EASTER MESSAGE"
Farewell, dear father, thy work is o'er
Thy willing hands will toil no more.
A loving father, kind and true
No one on earth we'll find like you.

E-7
"OUR EASTER MEMORY"
Dear Mother, you were the light of our life.
Always happy and gay.
God knows how much we miss you
On this Blessed Easter Day.

E-8
On Easter Day the world becomes
the prettiest kind of place.
And thoughts of you enrich each hour.
To give it added grace.
The flowers we place upon your grave
The clouds against the blue,
Seem brighter than they were before
Because we're always thinking of you.

E-9
No matter how many Easters
Come and we're still apart.
I still have the faith, my love one.
We're still in each other's heart.
So as ever on Easter morning
I'll say 'Happy Easter' dear
And pretend we never had parted
For your presence I'll feel very near

E-10
Easter brings sad memories
Of a sister who has gone to rest.
She will never be forgotten
By the ones who loved her best.
Though her smile is gone forever,
And her sweet face I cannot touch,
I shall never lose sweet memories.
Of my sister I loved so much.

E-11
Flowers will bloom at Easter time
Fresh with the light spring rain,
But the face of our dear sister
We would love to see again.
Sister, when the violets open
And the flowers in beauty wave,
We will gather up some bunches
And lay them gently on your grave.
Oh, so often do we wonder
To the place where you are laid.
And think if God had only left you
Longer on earth with us to stay.

E-12
We are sad within our memory,
AND lonely, this Easter Day.
For the ones we loved so dearly
Have forever been called away.
We think of them in silence,
No eye may see us weep,
But many silent tears are shed
When others are asleep.

E-13
In the book of God's Remembrance
Your name is written there.
And it seams to bring you nearer
As I breathe my Easter prayer.
I thank the Heavenly Father
For having known one so sweet
and true
And pray, his richest blessings
Will ever rest on you.

E-14
A cross, a thorny wreath,
The blooming dogwood, all are signs.
That Easter is a holy time
The thoughts of one so true and good
Renews again the overpowering grief.
He is not dead, just gone before
We miss him now and evermore.
So on Easter-tol-our loved one so dear
We'll send our love and prayers
That God will bless and keep
him always in His care
