Astrological Timing

By Carlos Hudgins

ARIES

Aries are very busy making and spending money during May. Money is coming through the mail, from raises, family members or taxes. For some this is a time to acquire a new job and be happy with their salary and surroundings; others are finding that they can accumulate some savings.

GEMINI

Things haven't been pleasant for Gemini during April and the difficulties could linger through May until birthday time. The best advice is to finish up major projects and keep a low profile until then. Money should be spent on clothes and personal items to make you feel good. Be selfish for a change.

CANCER

Cancers need to be careful with money this month. Unexpected expenses and bills could be a drain. Misplacing money or providing an opportunity for theft is also possible during the nineteenth and twenty-fifth. Finances clear up in June. Periodic confusion, frustration and inconsistency characterize the marriages of Cancer during the entire year.

LEO

Leos are peaking in May and should take advantage of this time to push their careers or their businesses. For the businessman this is the time for major contracts, for entertainers and artists, the time for your best performance. The weekend of the twentieth gives the highest positive energy of the month. There could be irritation with partners on the seventeenth.

VIRGO

Relationships are smooth and easy most of the month, with the first two weekends being very idyllic. Every year this is the time for Virgos to plan to travel outside of the country. For the Virgo businessman, contracts and cashflow are very rewarding. There is a need to begin an aggressive publicity campaign that pays off in June. There is a need for plenty of rest, the lack of which could lead to health problems.

SPOTLIGHT ON TAURUS
APRIL 19 — MAY 20
HAPPY BIRTHDAY TAURUS

Taurus is the second sign of the Zodiac, the contradiction to Aries. Taureans are slow, deliberate, plodding, broad shouldered, country, have pleasant personalities; are conservative, practical, lazy, stubborn, fixed, strong, and patient.

Taureans will do well financially this year if they can keep two incomes coming in. The money begins to flow nicely during the middle of June. October and February, conversely cash flow is depressed during September and March.

For single Taureans relationships become intense during September through December. Marriage proposals are possible during November. Married Taureans have to balance the desire for each partner's career goals with the needs of the family. But even in the disagreements, time and patience allows the marriage to grow.

Taureans need to watch their weight this year. During the first week of May they could notice that they need a new wardrobe because of the excess weight. Money comes from several sources during the beginning of the month.

LIBRA

The full moon of the first should bring some financial benefit to Librans later during the week. The emphasis this month for Libra is on financial matters. Money can come from court settlements, inheritances, and loans. This money should be invested in conservative financial instruments. Speculative investments would sour by June. Relationships are intense and passionate.

SCORPIO

Scorpions are in a time of partnership, both in business and in relationships. These partnerships appear to be very prosperous and long lasting. An indication of this intensity is apparent on the thirteenth and the fourteenth. Real estate deals are accomplished easily during May. There could be travel concerning family during the first weekend of the month.

SAGITTARIUS

Sagittarians are dealing with a lot of hard work and not enough fun during May. The job will be placing large demands on Sagittarians time and even if the income were adequate, there isn't enough time left over to spend it properly. The Memorial Day weekend should be used to rest. There could be irritation with a family member during the middle of the month.

CAPRICORN

Capricorns test for the year is planning thoroughly, understanding that any plan they make is subject to change and revision. Romance and relationships are highlighted during May. New relationships are forged, weak relationships are strengthened and the key word is having fun. This is a good time to purchase a car especially during the twenty-second and twenty-third.

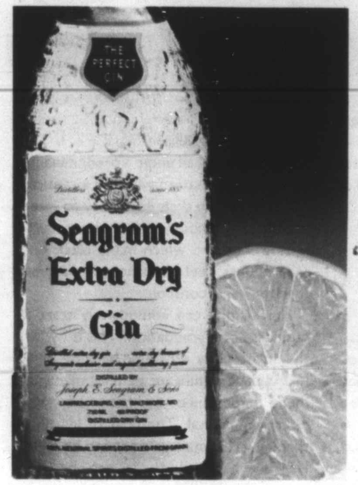

AQUARIUS

The weather may be beautiful, but for some strange reason Aquarians find themselves spending a great deal of time messing around the house. Spring cleaning could be a priority for them, although a lot of Aquarians could be entertaining their new relationship at home so much that their best friends and family relationships suffer. Getting in shape is also a priority and many will have a new image in June.

PISCES

Pisces can't stay home. They will be constantly on the go doing all of the things that they want/need to do. Family could play a major role in their travels. Classes and seminars are also on the agenda. They have to take care of their cars, because the problems encountered are caused by Piscean neglect. This is a good month to acquire a couple of pieces of property. Sounds strange, but try it; the deals work smoothly.

SEAGRAM'S GIN.

"They say it's the number one gin in America.
They say it's exquisitely dry.
They say it's satiny smooth."

"They also say if I mix it with grapefruit juice, you might stay...for breakfast!"

Everything they say...is true.
